## Mission Update – November 2008

*"Bringing God's message of hope in action, to all the people we can, wherever we can."*

### THANKFUL for GOD'S FAITHFULNESS by Brian Weller

As we enter this Thanksgiving season, we're so thankful to God for all His blessings, both seen and unseen. We're also very thankful to you, for your prayers and financial support.

Every time we get to open a new feeding center like the one we just opened in La Gorila, we know that together, we're not only blessing the children and their families but also blessing the heart of God. I'm always honored to visit and meet with the ministry leaders and pastors that we work with in Peru. **They're such humble men & women who give up much to minister to the poor. To come alongside them and offer assistance is an honor and one we don't take lightly. We love them dearly, they're like family to us!**

Lately, I find myself praying more and more as we learn to lean on God's grace and power more than ever before. **Through faith, we remain committed to our dear brothers and sisters in Peru, India and beyond.** It crossed my mind the other day, that although things have gotten more difficult for many people here in the USA, we're still some of the most blessed people on the planet. **I believe God will continue to watch over those who are committed to helping**

**the poor and oppressed of the world, through sharing the message and love of Jesus Christ.** Whether it be in Peru, India or somewhere else and whether it's through this ministry or some other ministry. **God will make a way for His ambassadors to fulfill**

**His call, to fulfill His Great Commission, to reach His planet, with His message of hope and salvation!** As God looks down from heaven and hears the cries of the lost and poor of the world, He responds to meet their needs by calling those of us who believe to work together as His ambassadors in whatever way we can. In closing, please pray with us as we continue to ask the Father for wisdom from above as we seek to do God's work in God's way. *Shirley*

### A STOVE and a PRAYER! by Chuck Moore

I was in Peru with Brian and Stevie in September. We met up with Hector and our time together was very unique. **One day we all went into Lima to buy what we call a "start up kit" for a feeding center.** The kit consists of pots, bowls, spoons, a wash-tub, a 30 gallon can for water (there is no running water where our new feeding centers are). We also purchased a stove, not like the ones in the USA. This propane stove, has two burners and 4 legs as a stand. The kit was for the new feeding center in La Gorila but God had other plans for this new stove.

**The next day Hector and I delivered the stove to the Puente Piedra Feeding Center, early in the morning before the workers arrived.** We took it around back where they feed the children breakfast. When the ladies who volunteer to cook for the feeding center were told we were there, they were excited and came around back to see

**us. When they saw the stove, they began to cry! Over a stove? We then found out, that the day before they were praying about having a stove and talking about how they might possibly get one.** It would help them prepare the meals four times a week for about 60 children each time. Cooking on wood took a lot of extra time each morning. **That stove, which was purchased for only \$75 was a huge blessing and a big answer to prayer.**

Hector and I were just messengers delivering God's blessing on behalf of the people in the USA who responded to the FATHERS call to help the widows and orphans, to feed the hungry and to cloth the naked. This is truly a sweet smelling aroma to God the Father.

*Chuck*
